Corporate Seminars

A national writer, regional television host and a Pro-tour angler, Denise Oyler was sponsored by Polar Boats and, in 2002, became their Sales & Marketing Director. Denise has led numerous sales training and motivational seminars in diversified industries. Her current tour is highlighted below.

The Secret for Real Estate Agents

Denise Oyler has been serving in a business leadership position for the past fourteen years in Sarasota. As an entrepreneur who has personally trained with Bob Proctor and Michael Beckwith, two of the men featured in the DVD, "The Secret", Denise has created a dynamic interactive program for today's business world.

This program uses the principles explained in the book, "The Secret", and explains how to apply the Law of Attraction to the Real Estate Industry.

In this motivational and applicable seminar, you will have the opportunity to change your way of thinking and bring about dramatic change in your business and personal life. Learn to love what you do regardless of what the industry trends are showing.

You will also learn techniques on how to begin a whole new way of doing business in an effortless manner. Most importantly, learn how to attract the perfect buyers and sellers without spending more advertising dollars.
